### 2 Donations and disclosure

- (1) Donations:
  - (a) may only be directed to:
    - (i) the Party; or
    - (ii) a party body that has a virtual account;
  - (b) may be directed to campaigns for a specific election or electorate; and
  - (c) must not be directed to a particular member, including:
    - (i) an endorsed candidate for public office; or
    - (ii) a member who holds public office.
- (2) All donations solicited for the Party or accepted on behalf of the Party by any person:
  - (a) must be reported to the Party and deposited into a party bank account or petty cash fund within 14 days;
  - (b) may only be used for party endorsed activities; and
  - (c) must not be for personal use.

- (3) The acceptance of a donation by the Party does not imply endorsement of the activities, undertakings or processes of the donor.
- (4) The Party may reject or refund any donation at any time.
- (5) The public website must advise donors of party and regulatory disclosure requirements.
- (6) For any donation of more than \$50:
  - (a) the name and address of the donor must be recorded; and
  - (b) a receipt must be issued.
- (7) If this requirement is not met within three months, the amount received will be donated to a charity nominated by the Finance and Administration Committee.
- (8) If any donor's one-off or cumulative donations to the Party totals \$1,000 or more within a financial year, then within three months after the end of the financial year:
  - (a) the donor must be subject to ethical review; and
  - (b) the name of the donor and the total amount donated must be disclosed on the public website.
- (9) The Finance and Administration Committee is responsible for ensuring the ethical review of donors which will:
  - (a) seek to ensure that the values and aspirations of all donors are not inconsistent with those encapsulated in the goals and policies of the Party, and the Charter;
  - (b) accept donations only for supporting the aims of the Party;
  - (c) refuse any donation if any conditions are imposed by the donor; and
  - (d) refuse any donation if it gives rise to or is likely to give rise to a conflict of interest.
- (10) A person verifying to the Finance and Administration Committee that the requirements of subclause (9) have been met:
  - (a) must not have a conflict of interest arising from association with the donor;
  - (b) must not be a candidate for public office whose campaign will benefit from the donation, or such a person's campaign manager;
  - (c) if possible, should contact the donor to confirm that the requirements are met; and
  - (d) must keep a record of verification steps taken.
- (11) Any donation that is rejected must be refunded to the donor as soon as possible.

### **3 Conflict of interest**

The Party adopts the following definition of a conflict of interest:

- (a) a 'conflict of interest' involves a conflict between the public duty and the private interests of a public official, in which the public official has private interests which could improperly influence the performance of their official duties and responsibilities;
- (b) public duty. It is the duty of members to uphold the Charter and promote the policies of the Party. It is the public duty of members who hold public office and other party officials to represent their constituents impartially and act without undue influence in the community interest;
- (c) private interests. Candidates for public office, members who hold public office and other party officials are the beneficiaries of political donations directly or to the Party and hence have a private interest in those donations. They could be, or could be reasonably perceived to be, influenced by donations (and a desire to maintain them) in the conduct of their public duties. In general larger donations have a greater potential to give rise to the perception of a conflict of interest;

- (d) conflict. Conflict arises where decisions are actually, potentially or perceived to be made against the public interest and/or duty as a result of private interests. In addition a conflict of interest exists if the donor is likely to receive a material benefit from a reasonably foreseeable decision that could be made by the Party or a member who holds public office unless such benefit is likely to occur as a result of the donor being a member of such a broad class of beneficiary that their individual benefit is not readily identifiable or known or distinguishable from other members of that class; and
- (e) a conflict of interest also still exists where a donation is received from a third party or associated entity related to the individual or entity where the conflict of interest originates.

#### **4 Reimbursement**

- (1) Members and supporters are entitled to be fully reimbursed for expenditure made in the course of their duties for the Party where:
  - (a) the expenditure has been budgeted for;
  - (b) the expenditure has been authorised in advance; and
  - (c) evidence of expenditure is provided in the form of a tax invoice, or at the discretion of the State Director, other evidence such as a vehicle log or a signed and witnessed statutory declaration may be accepted.
- (2) Expenditure to be reimbursed can only be authorised by:
  - (a) party bodies with an agreed budget of their own; or
  - (b) the State Director or their delegate.
- (3) Expenditure to be reimbursed must be:
  - (a) accounted for in the budget of the authorising party body; and
  - (b) approved in the minutes of the authorising party body.
- (4) Minutes used to authorise expenditure should include:
  - (a) the decision to authorise the expenditure;
  - (b) the decision to make a reimbursement when the expenditure has occurred;
  - (c) attached copies of supporting documentation; and
  - (d) such other information as the State Director or their delegate may reasonably require.
- (5) Liability for reimbursement will not extend beyond the party body that authorised the expenditure except by a decision of the Finance and Administration Committee.
- (6) Any claim for reimbursement must be made within three months after the date of the expenditure.
- (7) Reimbursement for authorised expenses will be made within 30 days of the supporting documentation being provided, where all the conditions above have been met.
- (8) Additional expenditure authorisation controls may be established by the State Director.

- (a) according to a formula determined by the Finance and Administration Committee, in consultation with the Blak Greens Victoria, which averages campaign-related expenditure over election cycles; and
- (b) credited to the Blak Greens Victoria's virtual account as soon as practicable at the beginning of each financial year.

## **7 Party body finances**

- (1) Branches may manage funds in virtual accounts held with the Party.
- (2) Those funds sit outside of the party budget.
- (3) The Finance and Administration Committee may authorise other party bodies to manage funds in virtual accounts held with the Party, outside of the party budget.
- (4) The Finance and Administration Committee is responsible for ensuring that a register of account signatories for virtual accounts is maintained.
- (5) The Finance and Administration Committee is responsible for ensuring that standards are set for the conduct, recording and reporting of financial transactions, and are published in the Treasurers Resources and in the Financial Reporting Tool instruction manual on the members' website.
- (6) A party body that is not in compliance with this By-law or the published standards may be issued with a notice of non-compliance by the Finance and Administration Committee.
- (7) If such non-compliance is not rectified within 30 days, the Finance and Administration Committee may take over the financial operations of the party body.
- (8) All income must be deposited to a party bank account within 14 days of receipt, and before any costs or other outgoings are paid from the income.
- (9) For each deposit a remittance advice must be submitted in the form specified by the State Director or their delegate providing all required information including:
  - (a) the virtual account that it should be attributed to;
  - (b) the purpose that it was received for; and
  - (c) the source that it was received from.
- (10) Income collected through online donation pages will be credited to the relevant virtual account monthly.
- (11) The following will be debited from each virtual account after income is credited:
  - (a) for operating cost recovery—5% of all income; and
  - (b) for donation-sharing with the Australian Greens—20% of each donation of under \$1,500.
- (12) Amounts debited under subclause (11)(b) will be covered by the Party on behalf of each branch, repaid to the branch as a subsidy, where the amounts arise from:
  - (a) the first \$1000 of donations received by a branch in each financial year; and
  - (b) the first \$1000 of donations, for each candidate for public office that a branch is responsible for running, that the branch receives in the financial year in which the relevant election is held.
- (13) A party body must not make a financial commitment unless funds to cover the commitment are already available in the virtual account of the party body.
- (14) Expenditure must be authorised by a substantive proposal passed by the relevant party body and documented in its minutes.
- (15) Such a decision may delegate the authority to incur the expenditure, up to an approved amount, to a nominated individual or committee.

- (16) An official tax invoice must be received and kept for all payments made, and submitted to the State Director or their delegate.
- (17) Virtual account are managed on a GST exclusive basis, where:
  - (a) amounts credited will have GST removed where applicable; and
  - (b) amounts debited will not include GST.

## 8 Honoraria

- (1) In this clause, **Blak Greens Victoria's State Councillor** means the State Councillor appointed under Schedule 7 of the Constitution.
- (2) In recognition of the time contributed and expenses incurred by members who hold particular party offices, the Party offers honoraria payments of:
  - (a) for the Blak Greens Victoria's State Councillor—\$1000 per quarter;
  - (b) for each other State Councillor—\$500 per quarter;
  - (c) for a State Councillor who holds the office of State Convenor, State Secretary or State Treasurer:

- (3) A member who is entitled to more than one honorarium payment per quarter may accept each of those payments.
- (4) Honoraria payments are calculated pro rata on the basis of the number of calendar days a member was eligible for a payment.
- (5) To accept an honorarium, a member must complete the honorarium form and submit it to the State Director by the specified processing date.
- (6) Honoraria will be paid quarterly in arrears, but may be paid in advance at the discretion of the State Director.

## 9 Tithing

- (1) Except as set out in subclause (2), each member who holds public office must pay a tithe to the Party in accordance with the formula ' $t = rg$ ', where:
  - (a)  $t$  is the amount of the tithe;
  - (b)  $r$  is the tithing rate, which is set at:
    - (i) for the Lord Mayor of Melbourne—10%;
    - (ii) for any other local councillor, deputy mayor or mayor—0%; and
    - (iii) for a state or federal member of parliament—7% from 1 July 2027, then 8% from 1 July 2028, then 9% from 1 July 2029, and then 10% from 1 July 2030; and

# Campaigns By-law

Version as at 16 May 2026

## 1 Overview of principles

- (1) Although branches are recognised as the primary organising unit for election purposes, this By-law authorises the creation of regional campaign committees based on such boundaries as the Victorian Campaigns Committee may determine, to facilitate election management and continuous campaigning where they are best managed across more than one branch or group of branches.
- (2) State electoral and continuous campaigning rules will be formulated with the maximum participation of members and branches, and must actively consider input from relevant expert persons or bodies, including that provided by the national office of the Australian Greens and any member who holds public office.

## 2 Election and continuous campaigns

- (1) For any Local Government election in which the Party will be supporting a candidate (subject to clause 4 where there is more than one branch in a local government area), the campaign will be directed by the relevant branch, or a campaign committee established by that branch.
- (2) For any Victorian Legislative Assembly or House of Representatives election in which the Party will be supporting a candidate, the campaign for each electorate will be directed by a branch with coverage within the bounds of the electorate, or a campaign committee established by the branch.
- (3) For any Victorian Legislative Council election in which the Party will be supporting a candidate, the campaign for each electorate will be directed by a regional campaign committee if one has been established by the Victorian Campaigns Committee, or by the Victorian Campaigns Committee if no regional campaign committee has been established.
- (4) For any Senate election in which the Party will be supporting a candidate, the campaign will be directed by the Victorian Campaigns Committee.
- (5) For any continuous campaigning, the campaign will be directed by the Victorian Campaigns Committee.
- (6) All branches or campaign committees responsible for the direction of the campaign in an electorate, will:
  - (a) appoint a Campaign Coordinator (which may be an office bearer or any other committee member), and authorise the Campaign Coordinator to expend funds up to a specified limit;
  - (b) provide all necessary information to State Council, and the State Director or their delegate, for the purposes of compliance with the relevant Commonwealth or Victorian legislation; and
  - (c) keep their own separate set of record books and where required to do so furnish the relevant Electoral Commission with accurate financial records for them to check. The following must also be recorded separately:
    - (i) all gifts as defined in the relevant legislation;
    - (ii) records of election expenses; and
    - (iii) claims for reimbursement of electoral expenses up to the amount allowed, if applicable.
- (7) All election or continuous campaigning materials must be authorised by the State Director or their delegate.
- (8) Public spokespeople for elections and continuous campaigning will be limited to members who hold public office and candidates for public office. Other spokespeople may be selected by the

Victorian Campaigns Committee. This does not prevent social media activity of party bodies allowed under other rules of the Party.

- (9) Media engagement by candidates for public office or spokespeople selected by Victorian Campaigns Committee must be approved by the State Director or their delegates.
- (10) Financial records relating to election campaign expenses will be kept for five years following the election to which they relate.
- (11) A campaign committee may be suspended by:
  - (a) a decision of the entity that created it; or
  - (b) a decision of State Council if there is evidence that the committee is seriously failing to meet its responsibilities under this By-law or financial responsibilities or persistently breaches State Council decisions.
- (12) If a campaign committee is dissolved or suspended under subclause (11), the direction of the campaign will transfer to the party body otherwise responsible under subclauses (1), (2) or (3) if there is one, or to the Victorian Campaigns Committee if there is not, for the duration of the suspension.

### 3 Allocation of preferences

- (1) The decision on the allocation of preferences for local government electorates may be made by branches, subject to clause 4 where there is more than one branch in a local government area. If there is any ambiguity as to whether a branch has authority in a particular case, the dispute will be resolved by the Victorian Campaigns Committee.
- (2) Any branch may delegate the responsibility for deciding preference allocation to the Victorian Campaigns Committee.
- (3) The decision on the allocation of preferences for any electorate that is not a local government ward will be made by the Victorian Campaigns Committee or the body to which the Victorian Campaigns Committee delegates that power, having consulted with the branches to which the electorate corresponds.

### 4 Certain local government area special arrangements

- (1) The purpose of this clause is to ensure that, within local government areas where there are a number of branches (only), either those branches may continue or other arrangements as provided for in this clause are given effect.
- (2) The local government area referred to in subclause (1) is the Shire of Yarra Ranges. The branches referred to in subclause (1) are Dandenong Ranges, and Healesville and Upper Yarra.

### 5 Restrictions on holding multiple offices

- (1) To avoid doubt, this By-law places no restriction on any member seeking to hold, or holding, any public office, but places restrictions on seeking to hold, or holding offices within the Party in circumstances described below.
- (2) While they hold a position or office listed in Column 1, no member may hold a position or office listed in Column 2, either for more than 12 weeks, or in any circumstances described in Column 3, except as described in Column 4.

Column 1	Column 2	Column 3	Column 4

Member of state or federal parliament or their staff, or salaried mayor (or equivalent) of a local government area, or employee of the Party	State Council or Victorian Campaigns Committee		Where holding position in the capacity of staff, parliamentarian or local councillor

- (3) In the table under subclause (2), 'staff' is defined to mean those employed as staff, other than those employed on a short-term temporary basis.
- (4) In this By-law, where one provision limits the holding of particular offices further than another provision, the more limiting provision will prevail.
- (5) The act of nominating for the office of Convenor of the Victorian Campaigns Committee carries an implicit undertaking that the person so nominating will not, during the following 12 months, nominate for preselection for:
- (a) the lead position on the Party's Senate ticket, or the second position in respect of a double dissolution;
  - (b) the lead position on the ticket in a Legislative Council Region, or the second position in circumstances where the Party's vote in that Region in the previous election exceeded 20%; or
  - (c) any state or federal seat in which the Party's vote was more than 20%, or double the average vote for seats in Victoria in the most recent relevant general election, whichever is the lesser.
- (6) Should a Convenor of the Victorian Campaigns Committee nominate for preselection for endorsement for any of the positions in subclauses (5)(a) to (c), they will thereby cease to hold that office.
- (7) For the purposes of this By-law, the holding of an office within the Party includes any holding of office on an acting basis.

## 6 Victorian Campaigns Committee other delegations

- (1) Without limiting the operation of the Victorian Campaigns Committee, but not so as to give it control over the resources of any other party body, the Victorian Campaigns Committee is responsible for the general management of electoral and related campaigns within the resources allocated to it by State Council or otherwise; and for the implementation of:
  - (a) applicable decisions of State Council regarding state electoral and related campaign matters;
  - (b) applicable decisions of branches and of State Council in respect of local government elected and related campaigns; and
  - (c) applicable decisions of State Council and the Australian Greens in respect of national electoral and related campaigns.
- (2) The Committee must recommend to State Council for adoption, a campaign strategy statement, of up to 500 words, that covers a nominated prospective period, and which is to include (but need not be limited to):
  - (a) strategic objectives;
  - (b) priority policy issues;
  - (c) the general approach to the content and method of campaigning;
  - (d) approaches to organisational and communication questions;
  - (e) lessons from past experience; and
  - (f) how the strategy will maximise the participation of members.
- (3) Wherever State Council adopts a campaign strategy statement, the Victorian Campaigns Committee must in performing its functions be guided by that statement, or if it departs from that guidance, must note that in its minutes and report this to the next ordinary State Council meeting.
- (4) Prior to the expiry of the period covered by a campaign strategy statement, the Victorian Campaigns Committee must recommend and present to State Council a further campaign strategy statement.
- (5) When a budget has been approved by State Council, the Victorian Campaigns Committee may amend the budget provided that the following conditions are met:
  - (a) there is no increase in total expenditure (except as provided for in subclause (6));
  - (b) any proposal to reduce an allocation of the funds to be controlled by any branch, branch-based or region-based election campaign committee, as compared to the budget approved by State Council or any amended budget approved by the Victorian Campaigns Committee, must not occur unless the convenor or (if they appear to be unavailable) some other appropriate person from each of these party bodies has been invited to the meeting and given the opportunity to be heard; and the reduction has then been then approved by State Council; and no such reduction will have effect if any such party body would be unable to meet its commitments solely because of such a reduction.
- (6) Wherever it appears to the Convenor of the Victorian Campaigns Committee that in connection with an election, there will be significant additional funds available to spend on campaign related expenditure in connection with that election then, subject only to there being sufficient time available before the relevant election having regard to the urgency of making decisions, the Victorian Campaigns Committee will, prior to allocating such additional funds, invite to and give the opportunity to be heard at any meeting which is to consider that allocation, the convenor or (if they appear to be unavailable) some other appropriate person from each branch, branch-based or region-based election campaign committee having responsibility for the conduct of a relevant election.

- (7) In addition to any other obligations under this By-law, the Victorian Campaigns Committee must hold a Victorian Campaigns Committee meeting to which all the convenors or (if a convenor appears to be unavailable) some other appropriate person from each branch, branch-based or region-based election campaign committee having responsibility for the conduct of a relevant election campaign will be invited. Such a meeting may be held in conjunction with any special State Council meeting held because of the calling of an election:
  - (a) not less than once every four months;
  - (b) within 10 days of the dissolution of the federal or state parliament (or a House thereof); and
  - (c) between four and six weeks prior to a date on which local government elections are to be generally held across the state.
- (8) The Victorian Campaigns Committee is responsible within its powers, for ensuring that campaign communication infrastructure is effective.
- (9) At the conclusion of general federal, state or local government elections, the Victorian Campaigns Committee must provide an aggregated anonymised report to State Council on the diversity of preselected candidates and elected candidates to the extent known.

## **7 Campaign Management Team**

- (1) The Victorian Campaigns Committee may also meet in the form of the Campaign Management Team, which consists of:
  - (a) the Convenor of the Victorian Campaigns Committee (or if they are unable to attend, they may nominate one general member of the Victorian Campaigns Committee to attend in their place);
  - (b) the State Director; and
  - (c) between two and four members appointed by the Victorian Campaigns Committee from time to time.
- (2) The quorum for the Campaign Management Team is at least half of its members.
- (3) State Councillors must be advised of meetings of the Campaign Management Team and may attend them. The State Director acts as the Secretary of the Campaign Management Team.
- (4) The Campaign Management Team has all the powers of the Victorian Campaigns Committee, except the following:
  - (a) amending the Victorian Campaigns Committee budget to increase total expected expenditure;
  - (b) reducing the allocation in the budget to any branch, branch-based or region-based election campaign committee having responsibility for the conduct of a relevant election;
  - (c) acting in a manner inconsistent with an explicit decision or direction of the Victorian Campaigns Committee; and
  - (d) exercising any of the delegated powers of State Council under this By-law.
- (5) In performing their functions, each of the Victorian Campaigns Committee and the Campaign Management Team must be mindful of the intention of State Council in establishing these two party bodies:
  - (a) in many circumstances, the day-to-day political pronouncements of the Party are necessarily those of members who hold public office, and there should be maximum cooperation between the Victorian Campaigns Committee and those members. Nevertheless, the campaign resources of the Party should at all times be directed in support of positions consistent with policies of the Party, and the Victorian Campaigns Committee has a responsibility to ensure this is the case;

- (b) the Victorian Campaigns Committee's primary functions are the recommendation to State Council of overall strategy, ensuring that strategy is being implemented, amending strategy when necessary, financial compliance, budget management, selection of major contractors such as advertising agencies, proper governance, and effective communication within the Party. While it will be required to exercise its political authority where controversy arises within the Party about day-to-day management issues, the Victorian Campaigns Committee oversees but does not participate in the day-to-day management of campaign issues. In light of this, it would be expected that the Victorian Campaigns Committee would meet monthly, and more often during an election campaign period; and
- (c) the Campaign Management Team is responsible to the Victorian Campaigns Committee for making day-to-day decisions about the content of campaigns and the allocation of resources under the control of the Victorian Campaigns Committee. It would be convened by the Convenor of the Victorian Campaigns Committee whenever the need arises, and it would be expected to meet at least several times each week during an election campaign period. It must report all of its decisions to the Victorian Campaigns Committee and these must be included in the minutes of the next Victorian Campaigns Committee meeting. The Campaign Management Team can direct the day-to-day priorities of the campaign staff through the State Director.

## **8 Election campaign governance**

- (1) The branch with primary responsibility for directing the campaign for each Victorian Legislative Assembly or House of Representatives seat is set out in clause 13.
- (2) The Victorian Campaigns Committee may amend clause 13 to give effect to the following principles:
  - (a) if a single branch overlaps with an electorate and is willing to direct the campaign then that branch will be assigned the responsibility;
  - (b) if multiple branches overlap with an electorate and at least one is willing to direct the campaign, then:
    - (i) if the branches agree which of them should direct the campaign—that branch will be assigned the responsibility; and
    - (ii) if the branches disagree on which of them should direct the campaign—the branch with the most members residing in the electorate on the last census date will be assigned the responsibility; and
  - (c) if no branch overlaps with an electorate then responsibility may be assigned to a nearby branch that volunteers for the task or to the Victorian Campaigns Committee.
- (3) A branch with primary responsibility for the campaign in an electorate may form an election campaign committee for the management of the campaign for a given election period. The branch may allocate more than one electorate to the same committee.
- (4) Should a branch form an election campaign committee, it must:
  - (a) before the first meeting of the committee—notify any other branch that falls wholly or partly within the electorate(s) overseen by the committee; and
  - (b) without unreasonable delay, notify State Council and the Convenor of the Victorian Campaigns Committee of its formation, composition and office bearers.
- (5) Regional campaign committees may be established in advance of any federal or state general election by the Victorian Campaigns Committee deciding to establish a new regional campaign committee. Where established, regional campaign committees will:
  - (a) direct the campaign for any Victorian Legislative Council election within its remit;

- (b) direct the campaign for any electorate which the responsible branch (as per clause 13) delegates to the regional campaign committee;
- (c) facilitate cooperation between any branches or campaign committees directing campaigns within its area; and
- (d) abide by its terms of reference, as determined by the Victorian Campaigns Committee upon establishment.

## **9 Campaign Coordinator**

- (1) All campaigns must appoint or elect a Campaign Coordinator under clause 2(6)(a). This will normally be an office bearer or an employee employed to work with the committee.
- (2) The Campaign Coordinator is responsible for coordinating campaign activities.
- (3) The Campaign Coordinator will generally be the primary contact person for the campaign to the Victorian Campaigns Committee, other party bodies and relevant employees of the Party.
- (4) Upon appointment, the Campaign Coordinator should notify the Convenor of the Victorian Campaigns Committee of their appointment with appropriate contact details.
- (5) The branch or relevant campaign committee may delegate authority to the Campaign Coordinator for particular operational activities during the campaign, including expending funds up to a specified limit.

## **10 Duties of election campaign committees**

- (1) An election campaign committee will have the power and responsibility to do the following in relation to the electorates within its jurisdiction:
  - (a) develop the campaigning strategies, for endorsement by the branch. Strategies should complement and not contradict endorsed strategies and decisions of the Victorian Campaigns Committee and State Council (and the National Council in the case of federal electorates);
  - (b) develop a campaign budget for endorsement by the branch;
  - (c) make expenditure in line with the branch-endorsed budget and campaign strategies and within delegated limits specified by the branch;
  - (d) with the approval of the State Director, conduct any staff employment process, noting however that only the State Director may sign employment contracts and that direction of any employed campaign staff must be through the State Director or their delegate;
  - (e) establish, if it considers appropriate, a campaign management team to coordinate the campaign on a day-to-day basis, and delegate to that team clearly defined powers of the committee. If a campaign management team is established, it will be required to record its decisions and report in writing to each meeting of the committee advising of all substantive decisions it has made;
  - (f) contribute to a supportive and accountable environment for all people volunteering or working on the campaign;
  - (g) manage local access and appropriate input to information systems to maintain data integrity; and
  - (h) co-opt committee members in accordance with clause 11(1)(g).
- (2) Election campaign committees are at all times accountable for:
  - (a) ensuring financial record keeping is undertaken in accordance with clause 2(6) and any advice issued by State Council or the Victorian Campaigns Committee;
  - (b) providing all necessary information to State Council, and the State Director or their delegate, for the purposes of compliance with relevant Commonwealth or Victorian legislation; and

- (c) complying with directives of State Council and the Victorian Campaigns Committee.
- (3) Election campaign committees must provide a written report within two months after the conclusion of an election for the electorate(s) it covers to its constituent branches and the Victorian Campaigns Committee, setting out the findings and recommendations of the committee in relation to the campaign. The Victorian Campaigns Committee may direct that the written report take a particular form.
- (4) The election campaign committee will cease to exist two months after an election, or when its final report has been produced, whichever is sooner.

## **11 Membership of election campaign committees**

- (1) Election campaign committees will consist of:

- (4) The Victorian Campaigns Committee is the preselecting body for:

(4) All aspects of a misconduct allegation (including the fact that it was made), and all Notices of Decision, must be kept confidential, except where the disclosure of information is:

  - (a) regarding so much of a misconduct allegation made against a member who has made an appeal under clause 3(2), 4(3) or 5(2) of the *Administrative Review By-law*, or any person appointed to act on their behalf under clause 3(7), 4(6) or 5(7) of that By-law, in relation to the matter which is the subject of the appeal:
    - (i) exercise their power under subclause (1)(b) and (c) only after the appeal is dealt with; and
    - (ii) notify the applicant of the state of the misconduct allegation;
  - (b) if another misconduct allegation against the respondent is already being dealt with by another sub-panel—in writing assign the allegation to that sub-panel unless doing so would increase the effort or time required for the Misconduct Panel to deal with all of the allegations; or
  - (c) otherwise—in writing appoint a three-member sub-panel (which may include themselves) to deal with the misconduct allegation.
- (2) Subject to subclause (3), a sub-panel must be made up of members of the Misconduct Panel.
- (3) If, because of the effect of subclause (4), a sub-panel cannot be completely appointed from the members of the Misconduct Panel, the appointer must appoint a member or members who are eligible to be appointed to the Misconduct Panel until the sub-panel is completely appointed.
- (4) Each member of a sub-panel must not be biased.
- (5) A member of a sub-panel ceases to hold that office if:
  - (a) they resign by giving written notice to the Convenor of the Misconduct Panel;
  - (b) they cease to be a member of the Misconduct Panel other than by their term of appointment ending;
  - (c) they cease to be eligible to be a member of the Misconduct Panel; or

- (d) the sub-panel is discharged under subclause (8)(b).
- (6) Subject to subclause (5), if a member of a sub-panel ceases to be a member of the Misconduct Panel by their term of appointment ending, they remain a member of that sub-panel while it exists, including if a misconduct allegation (or part of one) is reinstated before it under clauses 5(12) or (13).
- (7) Subclause (8) applies if:
  - (a) a member of a sub-panel ceases to hold that office;
  - (b) the Misconduct Panel decides that a member of a sub-panel is unable to discharge their duties on that sub-panel, including because of illness or time constraints;
  - (c) a sub-panel advises the Misconduct Panel that, after appropriate efforts to do so, it cannot arrive at a decision; or
  - (d) the Misconduct Panel decides that the procedure being carried out by a sub-panel has miscarried to such an extent that it should intervene.
- (8) If this subclause applies, the Misconduct Panel must decide to:
  - (a) appoint a new member or members to the sub-panel to bring its membership back up to three; or
  - (b) discharge the sub-panel and appoint a partially or entirely differently constituted sub-panel to deal with the misconduct allegation or allegations afresh.

## **5 Decision by sub-panel**

- (1) The sub-panel must dismiss without consideration under subclause (11)(a)(i) so much of a misconduct allegation that concerns an act or acts that are alleged to have occurred more than 180 days before the allegation was made except if:
  - (a) that part of the allegation was reinstated under subclauses (12) or (13); or
  - (b) it decides that:
    - (i) that part of the allegation is of repeated similar conduct that continued into the 180 day period before the allegation was made;
    - (ii) that part of the allegation relates to matters of a sexual nature; or
    - (iii) exceptional circumstances warrant it not doing so.
- (2) A misconduct allegation is under consideration from when it is made until all parts of it are either:
  - (a) dismissed; or
  - (b) found to be substantiated and a sanction imposed or not imposed.
- (3) While a misconduct allegation is under consideration:
  - (a) the sub-panel may, in writing:
    - (i) in exceptional circumstances, direct the respondent that, for a period of up to 30 days, they are prohibited from attending some or all party meetings, subject to clause 39(8) and Schedule 5, item 6(4) of the Constitution;
    - (ii) direct the respondent that, for a period of up to 30 days, they are prohibited from communicating with some or all members or volunteering for the Party in some ways or entirely;
    - (iii) for a period of up to 30 days, suspend the respondent from the Party, or a party office or party body, except one whose holding or membership is provided for in the Constitution; and
    - (iv) direct a member to truthfully answer its questions in person or in writing;

- (b) regarding a direction given or suspension imposed under subclause (3)(a), the sub-panel may:
  - (i) as necessary, advise any member of it; and
  - (ii) monitor compliance with it; and
- (c) other than in accordance with this By-law, no party body may discuss the allegation, except State Council, the Probity Panel and the Endorsement Review Panel.
- (4) The sub-panel's powers under subclause (3)(a):
  - (a) may be exercised more than once; and
  - (b) include the power to revise or rescind a direction or suspension.
- (5) A direction given or suspension imposed under subclause (3)(a) expires once the misconduct allegation is no longer under consideration.
- (6) The quorum for a sub-panel meeting is three members of the sub-panel.
- (7) In dealing with a misconduct allegation, a sub-panel:
  - (a) must exercise its powers and make its decisions by consensus or, if it is unable to reach consensus, by majority vote;
  - (b) must make findings about facts on the balance of probabilities;
  - (c) must make its decision as soon as is reasonably practicable;
  - (d) in balancing the speed of its decision against the fairness of its process and the correctness of its decision, must take an urgent and robust approach;
  - (e) must not take the external or internal political ramifications of its decision into account;
  - (f) subject to subclause (7)(g), must inform itself in any way it deems appropriate, including:
    - (i) by obtaining expert advice from a non-member; and
    - (ii) as to an appropriate sanction;
  - (g) must not seek or receive the view of any other party body;
  - (h) after discussing doing so with an applicant, may amend an allegation, including by adding parts to it and removing parts from it;
  - (i) may give written notice to some or all members advising that a misconduct allegation has been made against a particular respondent and inviting those members to come forward with any relevant information;
  - (j) must review the Notices of Decision regarding previous allegations (or parts of them) made against the respondent that were not:
    - (i) dismissed under subclause (11)(c); or
    - (ii) found to have been substantiated under subclauses (11)(d), (e) or (f);
  - (k) may reopen any of the previous allegations to which subclause (7)(j) refers that it decides may form part of a repeated behaviour;
  - (l) may take over from another sub-panel the allegation of another applicant made against the same respondent if the Convenor of the Misconduct Panel decides that doing so will reduce the effort or shorten the time required for the Misconduct Panel to deal with all of the allegations;
  - (m) must take into account previous Notices of Decision and Notices of Sanction regarding the respondent when considering an appropriate sanction;

- (n) must provide updates in writing at least once each month on the progress of the matter to the applicant and the respondent (but only if and when they are made aware of the allegation); and
  - (o) must hold its meetings in closed session.
- (8) Before deciding that a misconduct allegation (or part of it) is substantiated, a sub-panel must:
- (a) give the respondent:
    - (i) written notice of the substance of the relevant part of the allegation;
    - (ii) written notice of information adverse to the respondent that is credible, relevant and significant to the decision to be made; and
    - (iii) a reasonable opportunity to make an oral and written submission to the sub-panel regarding the relevant part of the allegation and what sanction should be imposed if it is substantiated; and
  - (b) consider any such submission.
- (9) The information described in subclause (8)(a)(i) and (ii) must only include the name of or other identifying information about any person if:
- (a) it is strictly necessary in order to comply with those subclauses; and
  - (b) the person whose name or other identifying information is to be included gives their express consent in writing.
- (10) If a sub-panel cannot comply with subclause (8)(a)(i) and (ii) because a person will not give consent under subclause (9)(b), the relevant part of the allegation must be dismissed under subclause (11)(a)(iv).
- (11) Subject to clause 8(1), regarding the whole or each part of the misconduct allegation, the sub-panel must decide that it is:
- (a) dismissed without determination because:
    - (i) it concerned an act or acts alleged to have occurred more than 180 days before it was made;
    - (ii) the information given under clause 3(1)(c) was too long, insufficient or vague;
    - (iii) it was withdrawn by the applicant with the permission of the sub-panel; or
    - (iv) the sub-panel was not able to afford the respondent procedural fairness in dealing with it;
  - (b) dismissed without determination because, even if it was substantiated:
    - (i) it would not amount to misconduct; or
    - (ii) it is not serious enough to warrant a sanction;
  - (c) dismissed because it was not found to be substantiated;
  - (d) found to be substantiated and the member is not sanctioned;
  - (e) if the respondent is not a member who holds public office at the time the sub-panel comes to make its decision—found to be substantiated and the member is censured; or
  - (f) found to be substantiated and recommend a sanction to State Council.
- (12) A misconduct allegation (or part of it) dismissed under subclause (11)(a)(ii) is reinstated before the same sub-panel if, within 60 days of it having been dismissed, the applicant gives a member of the Misconduct Panel written notice of the information required under clause 3(1)(c).
- (13) A misconduct allegation (or part of it) dismissed under subclause (11)(a)(iv) is reinstated before the same sub-panel if, within 60 days of it having been dismissed, the person whose

name or other identifying information was to be included gives a member of the Misconduct Panel their express consent in writing under subclause (9)(b).

- (14) The sub-panel must deal with a misconduct allegation within:
  - (a) in the case of a straightforward misconduct allegation—30 days; and
  - (b) in the case of a complex misconduct allegation—90 days.
- (15) A member of the sub-panel may make a misconduct allegation:
  - (a) against a member for breaching a direction given or suspension imposed by the sub-panel under subclause (3)(a);
  - (b) if the sub-panel dismisses a misconduct allegation (or part of it) under subclauses (11)(b) or (c)—against the applicant for making their allegation in bad faith; and
  - (c) against any member based on information obtained in dealing with a misconduct allegation.
- (16) The sub-panel must comply with clause 8 of the *Administrative Review By-law*.

    - (iii) in brief terms, the facts found and an analysis of why those facts do or do not constitute misconduct, without identifying any person other than the respondent; and
    - (iv) the particular decision made, including the provision of clause 5(11) under which the decision was made;

- (g) if any of the particular decisions made are a decision under clause 5(11)(f)—the single sanction (covering all of the relevant misconduct allegations) that the sub-panel recommends to State Council and a brief justification for it; and
- (h) any other information that the sub-panel decides is necessary that does not concern the substance of a misconduct allegation.

- (4) Any proposal contained in an agenda item that is unstarred is passed by consensus when the meeting proceeds to consider a later agenda item.
- (5) An agenda item must be starred if a State Councillor in attendance at the meeting objects to it being unstarred before the meeting proceeds to consider a later agenda item.

## **5 Moving into closed session**

- (1) State Council may, by a procedural proposal, move into closed session for a specified period.
- (2) When moving into closed session, State Council must consider whether to require that members in attendance during the closed session keep the contents of that part of the meeting confidential from other members.

## **6 Confidentiality agreement**

- (1) The State Director or their delegate must keep an agreement (**confidentiality agreement**) about the use of confidential party information by State Councillors and appointed State Council attendees.
- (2) When a State Councillor or appointed State Council attendee assumes office, they must be asked to sign the confidentiality agreement and submit it to the State Director or their delegate.
- (3) State Councillors and appointed State Council attendees who have signed and submitted the confidentiality agreement must be granted online access to confidential State Council documents.
- (4) State Councillors and appointed State Council attendees who have not signed and submitted the confidentiality agreement may only access confidential State Council documents by:
  - (a) making an appointment with the State Director or their delegate to view the documents in person at State Office; and
  - (b) relinquishing access to any recording device for the duration of such an appointment.

## **7 Agenda**

- (1) The agenda will specify the order and substance of matters for reporting or for debate.
- (2) The agenda will include the full text of any and all proposals in the body of the agenda.
- (3) The agenda will specify that the beginning of each meeting will, before any substantive matters are discussed, include:

State Councillors must disclose any material personal interest in relation to any matter being considered at this point, or as soon as they become aware of their interest in the matter. Any disclosure must:
    - (i) give details of the nature and extent of the interest;
    - (ii) give details of the relation of the interest to the matter being considered;

- (iii) be recorded in the minutes, with brief details; and
  - (iv) any State Councillor who has a material personal interest must disclose the nature and extent of their interest in the matter. They should leave the meeting unless requested to stay by State Council. Should they stay, they must not block consensus or vote on the relevant matter; and
- (c) a review of the State Council decisions and actions registers.

## **8 Quorum**

State Council is deemed to be quorate until the meeting is closed by the facilitator, except if any State Councillor draws the attention of the facilitator to a possible lack of quorum at any time during a meeting, whereupon the facilitator will count State Councillors present to determine whether or not the meeting is still quorate.

## **9 Facilitation of meetings**

- (1) State Councillors must at all times during meetings respect the authority of the facilitator to:
  - (a) facilitate discussions in accordance with the Member Code of Conduct; and
  - (b) work towards consensus.
- (2) As a general practice, facilitation should be rotated across State Council.
- (3) A procedural question may be raised with the facilitator by any State Councillor, appointed State Council attendee or the State Director at any time if they believe that clause 4 or Schedule 5 of the Constitution, or this By-law, is being breached. A procedural question has priority over other discussion and will be resolved before discussion continues on the substantive issue.
- (4) A procedural question may be raised on any of the following:
  - (a) procedural errors;
  - (b) behaviour in breach of the Member Code of Conduct; and
  - (c) issues related to the facilitation of the meeting.

## **10 Discussion**

- (1) The person bringing the issue to the meeting or making the proposal will be asked to introduce the item.
- (2) The facilitator will then take any questions and comments from the floor.
- (3) The facilitator will keep a list of people wishing to speak. The facilitator will in general ask people to contribute in the order that they indicated their wish to contribute, but be flexible with the order of recognition of speakers, for example, in the interests of affirmative action, to ensure the maximum participation of all involved, to allow for discussion of different views and to not allow any member to dominate the discussion.
- (4) Observers may participate in the discussion of an agenda item, subject to the following conditions:
  - (a) observers who have been invited, have provided a report, or have provided a submission are given due priority where the matter is relevant; and
  - (b) in circumstances other than those listed in subclause (4)(a), the facilitator may withdraw the speaking rights of an observer, otherwise any State Councillor may request speaking rights for any or all observers be withdrawn. If there is no consensus, then the matter may be put to a procedural proposal.
- (5) The facilitator will have the right to speak at any time. Minimal discussion on substantive matters will be entered into by the meeting facilitator, unless they have placed themselves on the speaking list and stood aside from the facilitator role.

- (6) The facilitator will close discussion when the time allotted for the agenda item has expired. The facilitator will seek feedback as to how the meeting wishes to proceed if the discussion is not finalised. An extension of time will only be permitted if a procedural question is passed.

## **11 Decision-making process**

Every proposed decision of State Council will:

- (a) begin with the word “that”;
- (b) be recorded in the minutes; and
- (c) have the outcome recorded in the minutes in the terms “passed” or “not passed”, and whether the outcome was reached by consensus or vote, and if it was by a vote—a count of members for, against and abstaining.

## **12 Proposals**

- (1) In general, a proposal for a decision on a substantive issue should go through a process of deliberation before being brought to State Council. It should either be formulated as a proposal that takes account of the range of views about the issue in the Party and is a proposal that the proposer genuinely believes there is a chance of reaching consensus on; or a proposal where the proposer believes that there are irreconcilable differences on the issue and believes that State Council needs to make a decision on the issue. State Council has the right to refuse to discuss a proposal put to it if it hasn't been through a process of deliberation, and to instead undertake a deliberative process about the issue at hand, or request to the proposer that such a deliberative process take place.
- (2) Proposals will only be considered if:
  - (a) they appear in the agenda, or a procedural question to allow consideration is passed;
  - (b) a discussion held earlier during the meeting has constructed a proposal that is directly relevant to the agenda item; or
  - (c) a member has formulated a proposal directly relevant to an agenda item during the consideration of an item.
- (3) Proposals will be numbered, with numbering beginning at ‘1’ at the beginning of each new agenda item.
- (4) Agenda papers, including reports, proposals and accompanying documents must include name of author or proponent and date submitted.

## **13 Modifying proposals to aim to reach consensus**

- (1) If a proposal does not have consensus then the facilitator will ask for clarification from the meeting as to what are the barriers to consensus.
- (2) The facilitator will then call for any proposed modifications to the proposal which could help reach consensus.
- (3) Modifications to proposals should be made in good faith as changes that the person proposing them believe will help reach consensus.
- (4) Modifications to proposals will, if longer than 10 words, be written.
- (5) The proposal as modified will then be tested for consensus. If consensus is still not reached, the facilitator will seek further feedback as to what the blockages to consensus are and seek further or additional suggested changes to the original or modified proposal. This process may continue for some time while the meeting assesses that progress is being made towards consensus.
- (6) The facilitator may call for or consider procedural proposals if it seems that progress towards consensus is stalled, or if the time allocated for discussion is about to be reached.

## 14 Procedural proposals

- (1) Procedural proposals must be dealt with once raised.
- (2) A procedural proposal may be put to a meeting by any State Councillor in attendance, subject to subclause (3).
- (3) If the facilitator reasonably considers that a State Councillor is attempting to disrupt the meeting, they may refuse any procedural proposal that the State Councillor attempts to put to the meeting.
- (4) Once a procedural proposal is raised by a State Councillor, that State Councillor may briefly state a reason for raising it and the facilitator must then immediately ask State Councillors if there is any dissent to the procedural proposal being passed. Following this:
  - (a) if there is no dissent, the procedural proposal is passed; or
  - (b) if there is dissent, the facilitator may allow the reasons for dissent to be stated briefly, then the proposer may ask for the procedural proposal to be voted on.
- (5) Proposals with budgetary implications must indicate where changes to income and/or expenditure would need to be made in order to balance the current budget.
