

## **Accessibility Information – Hunter Workers Building**

We've assessed the venue to help all attendees plan their visit and ensure accessibility for everyone. The Reboot Conference will be held at the Hunter Workers Building, with sessions taking place in the Barrack-Nichols Room and the Hunter Room on Level 2.

### **Building Access**

- The main entrance is via double electric doors on Devonshire Lane.
- Both conference rooms are located on Level 2, which is accessible by lift.

### **Barrack-Nichols Room**

- Located directly to the left when exiting the lift.
- Doorway width: 85 cm (approximately 80 cm of clear swing space, as the door opens against a wall).
- The room has been used comfortably by wheelchair users with a range of chair sizes.

### **Hunter Room**

- Located to the right of the lift, down a short hallway.
- The hallway is 208 cm wide, with a pillar narrowing the passage to 95 cm at one point.
- There is a doorway in the corridor that is 85 cm wide.
- The Hunter Room doorway itself is 90 cm wide.

### **Toilets**

- Located directly to the right of the lift.
- Facilities include male and female toilets, an ambulant toilet, and a fully accessible toilet in the same area.
